

PhD candidate in Mathematical Statistics focusing on the theory of causal inference, extreme value theory, causal discovery, and uncertainty quantification.

EDUCATION

- **University of Lausanne (DO-HEC)** Sep 2021 – Present
PhD candidate under Prof. Valérie Chavez-Demoulin Lausanne, Switzerland
 - Expected completion: June 2026
 - Topic: Estimating Unidentifiable Objects in Causal Inference
- **Charles University, Faculty of Mathematics and Physics** 2016 – 2021
BSc & MSc in Pure Mathematics and Mathematical Statistics Prague, Czech Republic
 - Excellence scholarship (grades in top 5%)
 - Best Master's Thesis in Statistics (10,000 CZK award) under Prof. Zbyněk Pawlas
 - Research assistant on the Primus GeMS project for outstanding research

EXPERIENCE

- **UC Berkeley, Department of Statistics** Aug 2024 – Jan 2025
Visiting Student Researcher Berkeley, USA
 - Collaborated with Prof. Bin Yu on causal inference and uncertainty quantification.
 - Supported by a competitive Hasler grant ($\approx 10,000$ USD).
- **Czech Academy of Sciences** Jun 2020 – Jun 2021
Research Assistant (part-time) Prague, Czech Republic
 - Conducted research under Prof. Milan Paluš; forming the basis of my master's thesis.
- **Deloitte** Feb 2020 – Jun 2020
Data Analytics Intern Prague, Czech Republic
 - Developed automated R workflows for various projects.
- **Trojsten NGO** 2016 – 2023
Volunteer Educator and Event Organizer Bratislava, Slovakia
 - Delivered 80+ math lectures to high-school students, trained national Olympiad winners, organized math competitions with 200+ participants.

HONORS & AWARDS

- | | |
|--|--|
| <ul style="list-style-type: none">• Best Master's Thesis Award (10,000 CZK)
<i>Top three master's theses in probability, statistics, and econometrics at Charles University</i>• Research Assistantship – Primus GeMS Project ($\approx 50,000$ CZK)
<i>Awarded a research assistantship on the Primus GeMS project for outstanding research.</i>• Excellence Scholarship at Charles University
<i>Awarded for grades in the top 5%.</i>• Bronze Medal – International Mathematics Competition (IMC)
<i>Bulgaria</i>• Winner (top 10) – National Mathematical Olympiad
<i>Ranked among the national top 10 in the high-school mathematical Olympiad in Slovakia.</i> | <div>2021</div> <div>2020–2021</div> <div>2021</div> <div>2020</div> <div>2016</div> |

INVITED TALKS

- | | |
|--|---------------------------------------|
| CHUV BDSC Seminar
<i>Invited speaker at the Clinical Data Science Group, CHUV University Hospital.</i> | Lausanne, Switzerland Sep 2025 |
| UAI 2024 Workshop on Causal Inference in Time Series
<i>Invited speaker; one of seven invited speakers including Miguel Hernán and Gustau Camps-Valls.</i> | Barcelona, Spain Jul 2024 |
| Data Driven Seminar at Stanford's causal inference group
<i>Invited talk at Stanford's weekly Data Driven Seminar.</i> | Stanford, USA Nov 2024 |
| Berkeley's Casual Causal Seminar
<i>Invited talk at Berkeley's weekly 'Casual Causal' seminar.</i> | Berkeley, USA Nov 2024 |

CONTRIBUTED TALKS AND POSTERS

- | | |
|---|--|
| Causal Science Center Conference
<i>Contributed talk and poster presentation hosted by Stanford Causal Science Center.</i> | Stanford, USA Oct 2024 |
| Bin Yu Group Seminar and PhD Students Seminar
<i>Presentations on on methodological aspects of causal discovery and extreme value theory.</i> | Berkeley, USA Oct 2024 |
| EGU24
<i>Poster on causal inference and extremes presented in the section "Many shades of causality"</i> | Vienna, Austria Apr 2024 |
| Causality in Extremes Workshop
<i>Poster at the University of Geneva workshop on causality in extremes.</i> | Geneva, Switzerland Feb 2024 |
| CMStatistics 2023
<i>Speaker on causal discovery.</i> | Berlin, Germany Dec 2023 |
| EUROCIM — European Causal Inference Meeting
<i>Speaker on causal discovery.</i> | Oslo, Norway Apr 2023 |
| BIRS: Combining Causal Inference and Extreme Value Theory in the Study of Climate Extremes
<i>Talk at a Banff International Research Station workshop</i> | Kelowna, Canada (online) Jun 2022 |
| Robust Conference
<i>Presentation on causality in extremes of time series.</i> | Prague, Czech Republic Jun 2022 |
| CMStatistics 2021
<i>Presentation on causality in extremes of time series.</i> | London, UK (online) Dec 2021 |
| Valpred Workshop
<i>Presentation on causality in extremes of time series.</i> | Aussois, France Oct 2021 |
| CUSO: Statistics and Applied Probability
<i>Participant in five workshops in statistics and probability.</i> | Les Diablerets, Switzerland 2021–2023 |
| EVA — Extreme Value Analysis Conference
<i>Presentation on causality in extremes of time series.</i> | Edinburgh, UK (online) Jun 2021 |

TEACHING & SERVICE

- **Lead Teaching Assistant (HEC Lausanne)**

- **Optimization Methods** (2021–2023): Tutorials (lecture-type exercise sessions), exam preparation, and applied optimization sessions.
- **Risk Analytics** (2023–2025): Tutorials, exam preparation, grading, development and supervision of applied case studies for dozens of projects.
- **Forecasting II** (2021–2025): Tutorials, project supervision and consultations for MSc students.
- **Forecasting I** (2021–2025): Course coordination, grading, and advanced project mentoring.

- **Peer Review**

JRSS B; Statistics and Probability Letters; Behaviormetrika; REVSTAT; ICLR

- **First Committee Member**

Expertise Center for Climate Extremes (ECCE, UNIL)

- First member of a PhD committee at a newly established research center; responsible for outreach and seminar & event organization.

- **Seminar Coordination**

HEC-DO Seminars

- Primary coordinator: managed speaker outreach, budgeting and travel, publicity, and post-talk meetings.

SKILLS

- **Programming:** R, Python, \LaTeX ; primarily use R for academic work.
- **Languages:** English (fluent), Czech (fluent), French (upper intermediate), German (basic), Slovak (native)

SELECTED CODE & REPOSITORIES

- **ITE_prediction_cross_world**

Causal ITE prediction under cross-world assumptions

- **structural-restrictions-in-local-causal-discovery**

Structural restrictions in local causal discovery

- **Granger-causality-in-extremes**

Causality in extremes of time series

- **Extreme_treatment_effect**

Extrapolating causal effects into extreme treatment domain

- **causal_cpcm**

Conditionally parametric causal models

OTHER ACTIVITIES

- **Ultimate Frisbee – World Championships**

National Representation

2016-ongoing

- Represented Slovakia at the U20 World Championships

- Also competed for the Lausanne club *Flyhigh* at the Swiss National Championships

- **Cipher Competition Series**

Main organizer of an event with 250+ participants.

2020
